

deliver
BEST

deliverBEST shares practical proven solutions that make deliveries to your business more efficient.

Start the conversation at
www.deliverbest.london

CROSS RIVER
PARTNERSHIP

By making your supply chain and deliveries more efficient, together we can:

www.deliverbest.london

Meet your corporate and social responsibilities

Reduce costs and make your operations more efficient

Reduce the number of vans on our streets and improve air quality

How does deliverBEST work?

1

Start the conversation by completing our quick Business Efficiency and Savings Tool at www.deliverbest.london

2

Instantly receive recommendations relevant to your business and implement quick wins.

3

Get bespoke 1:1 support from the deliverBEST team.
We can discuss your needs, provide implementation insights, help build a business case for change, and measure your results and impacts.

4

Keep talking - shout about the great work you are doing, share best practice, and attend deliverBEST workshops with like-minded businesses.

deliver
BEST

“Undertaking a [review of our deliveries] made us realise that we could reduce the frequency of vehicular deliveries to St Martin’s, particularly with our catering offer, by simply planning further ahead and by ordering non-perishable goods in larger quantities.”

Office Administration Coordinator
St Martin-in-the-Fields

“Our catering and cleaning contractors have agreed to use the same milk supplier. That means five fewer weekly deliveries, at a stroke!”

Global Soft Services Manager
Financial Times

“Prohibiting personal deliveries has improved the efficiency of the post room, allowing us to focus on core business processes.”

Post Room Manager
John Lewis
