

CROSS RIVER PARTNERSHIP

Annual Report 2018/19
Business Plan 2019/20

Delivering
London's
Future
Together for... 

Welcome to the Business Plan for CRP's 25th year!

Cross River Partnership (CRP) has continued to flourish since its formation in 1994 to deliver projects including the Millennium and Golden Jubilee Footbridges.

CRP has been delivering in partnership with public, private and community sectors a huge range of innovative projects across London, which have contributed to development goals including economic growth for all, resilient infrastructure, good health and well-being, and sustainable communities. We are continuously working with other cities, both in the UK and globally, to share best practice.

In these internationally uncertain times, CRP exists as a platform for exploring and delivering different opportunities relevant for changing times, collaboratively.

Thank you to all our partners and funders for their ongoing support.

If you would like to find out more about Cross River Partnership, or if your organisation would like to partner with us, please do not hesitate to contact us.

Susannah Wilks

Director of Cross River Partnership
susannahwilks@crossriverpartnership.org

**CRP is an
impartial, non-
profit organisation
committed to
delivering positive
change for everyone
– residents, businesses
and visitors.**

**CRP is a test bed
for innovative pilot
projects that have
been scaled up and
rolled out across
London and beyond.**

CRP uses
25 years of
project delivery
experience to
inform policy
formulation
and thought
leadership.

Cross River Partnership is pleased to be working collaboratively with all of these public, private and community partners across the central London sub-region and beyond.
