

HEALTHY STREETS EVERYDAY DESIGN-A-MURAL COMPETITION!

SUBMIT A DRAWING TO CELEBRATE **CAR FREE DAY**
AND IT COULD BE MADE INTO A REAL LIFE
MURAL FOR YOUR SCHOOL!

To celebrate **Car Free Day** the design competition theme is 'Creating Clean Air for our Future'!

What do you think a future with clean air looks like?

Maybe you think of less-busy streets or safer cycling paths to school. Maybe you can picture a peaceful tree-lined road for you and your friends to walk to school along.

Design a mural for this year's **Car Free Day** and it might be made into a mural for your school!

Idea's for your design can include:

Walking, cycling and scooting to school.

Streets without cars.

Tree planting and nature.

Using renewable energy sources.

How clean air helps your health and wellbeing!

You can work as an individual, as a team or with your entire class or year group on your design - but you can only submit 1 per person!

Your teachers will take care of submitting the designs - you just need to get creative!
