## Clean Air Village Solution

[Cross River Partnership](#) is excited to be working in the area around Cromwell Road for [Clean Air Villages](#) for the first time. The area includes Exhibition Road, home to some of the UK's largest education and cultural institutions, and the local area includes many embassies, independent businesses, art galleries and shops.

We are keen to speak to as many organisations as possible to guide the solution in the area. This could include a shared electric cargo bike or electric van, or business and servicing support for businesses in the area. By answering [this survey](#), we will be best prepared to tailor the solution to the local area as well as possible. Alternatively please [email](#) or call Ross who leads on this area.
