**CROSS RIVER
PARTNERSHIP**
CLEAN AIR VILLAGES

Clean Air Village Solution

[Cross River Partnership](#) is excited to be working in Deptford as part of our [Clean Air Villages](#) project for the third year. Building on from the success of the shared electric cargo bike trial in the area before the pandemic hit, we are continuing to supporting businesses with deliveries and servicing by creating a clean air solution for the area.

We are keen to speak to as many organisations as possible to guide this solution. This could include another shared electric cargo bike, an electric van, or business and services support for businesses in the area. By answering [this survey](#), we will be best prepared to tailor the solution to the local area as well as possible. Alternatively please [email](#) or call Ross who leads on this area.
