About CRP

Cross River Partnership (CRP) is an impartial partnership organisation delivering projects that positively contribute to the social, environmental and economic health of London.

Since its flagship bridge-building projects across the River Thames, CRP has continually diversified and expanded to deliver initiatives transecting themes such as Place Making; Health and Wellbeing; Air Quality; Diversity and Inclusion; Freight, Transport and Active Travel; Energy; Environment; Culture; and Lighting.

CRP has delivered positive change in partnership with public, private and community sectors for over 25 years; **engaging people, to deliver great places, through innovative projects.** Its work shapes the city's fabric and operation, supporting residents, businesses and visitors to make London the best possible place it can be.

CRP's Vision

CRP's vision is to work with its partners to address the grand challenges of our time and shape the London of tomorrow. To be an inspiration for the city and its projects used as a blueprint for others to follow. We are a test bed for new ideas and an exemplar of positive change for all - *Delivering London's Future Together.*

This vision is supported by CRP's four core values of: **collaboration, innovation, enterprise, and resilience.** We resonate these key behaviours in all we do, facilitating the creation of new ideas, approaches and ways of working that benefit not only one of the world's greatest cities, but the rest of the UK and beyond.

The 2019 / 2020 Annual Report and 2020 / 2021 Business Plan showcases CRP and its partners' achievements over the past year, as well as setting ambitious targets and commitments, some of which are well under way, to meet in the year ahead.

If you would like to find out more about Cross River Partnership, or if your organisation would like to partner with us, please do not hesitate to contact us.

The City of London Corporation values CRP's impressive track record in terms of developing and delivering practical, cross-cutting actions to tackle climate change. Never has this work been more important to support and escalate.

Councillor Wendy Hyde
*City of London Corporation
CRP Board Co-Chair*

Westminster City Council is proud to have been one of the founding authorities of CRP, and to have fulfilled the growing partnership's accountable body function ever since. We look forward to seeing what the partnership develops and delivers over the next year and beyond, alongside and on behalf of Westminster City Council and all of the partnership's public, private and community sector partners.

Stuart Love
*Chief Executive
Westminster City Council*

As we enter CRP's 26th year of delivering innovative projects, the need for positive, civilised collaboration is greater than ever. I look forward to continuing to work with CRP's partners, funders, staff and their buddies to achieve impressive results for London and the UK.

Susannah Wilks
*Director
Cross River Partnership*

The London Borough of Lambeth is proud to be one of the four founding Local Authorities of Cross River Partnership. 26 years on the partnership is continuing to expand, and continuing to support our shared core values of community empowerment, shared prosperity and environmental sustainability.

Councillor Jack Hopkins
*Leader
London Borough of Lambeth*

The Cadogan Estate is thrilled to have joined the Cross River Partnership. The standard of work delivered by the team in the field of sustainability is absolutely exceptional.

Steven Medway
*Place Manager
Cadogan*

Working with Cross River Partnership has been a huge benefit to the Business Improvement Districts that I lead. The innovative ideas; sound advice and generous funding they have brought us is incredibly valuable and we look forward to continuing our work alongside them for many years to come.

Simon Pitkeathley
*Camden Town Unlimited and Euston Town BIDs
CRP Board Co-Chair and LEAP Board Member*

Achievements 2019/20

Implemented Air Quality Improvement actions across the central London area
