

# Discover Clean Air Routes

Walking or cycling between Farringdon Station and Islington Green? Take a route with cleaner air!

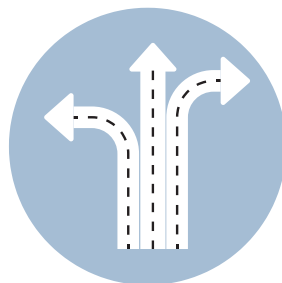

Cross River Partnership worked with [angel.london](https://www.angel.london) and [Tranquil City](https://www.tranquilcity.org) to create this Clean Air Route for the Angel area as part of the [Clean Air Villages 3](https://www.cleanairvillages.org) programme. To see full directions, follow the route and reduce your exposure to harmful gases whilst walking and cycling in London, please see the CRP [Clean Air Route Finder](https://www.crossriverpartnership.org/clean-air-route-finder).

Average 6% reduction in NO<sub>2</sub> and a maximum reduction of 17%

13dB less noise, for a quieter and more relaxing journey through residential areas

Established cycling infrastructure on Skinner Street and Roseberry Avenue

Ideal for new and less confident cyclists, designed for commuters through Angel by bike

March 2021
