

PAXTON AND WHITFIELD LTD.

REVOLUTIONISE THEIR DELIVERIES USING ECOFLEET

Long-established cheese shop's mindful deliveries are a selling point for customers

"It's important for us to have a sustainable delivery offering and to let our customers know that sustainability is at the forefront of what we do."

Annie Meakin -
Senior Account Manager,
Paxton and Whitfield Ltd

ISSUE

Wanted to provide a more eco-friendly delivery option

Limited capacity or resource to deliver on demand

Lack of viable cargo bike courier options on the market

ACTION

Met with **ecofleet** and decided to switch couriers

Journeys made by cargo bike instead of polluting vans

RESULTS

4,050kg of CO₂
emissions saved
per year

9.65kg of NO_x
emissions saved
per year

301g of PM_{2.5}
emissions saved
per year

Approximately 140 miles covered by bike each week

Eco-friendly deliveries have been well received by clients

The electrically assisted cargo bikes can deliver London-wide

Cargo bikes can also cater for larger events

ecofleet mindful **delivery** provide a professional and reliable service

WHAT IS THE **CLEAN AIR VILLAGES** PROGRAMME?

A Central Government-funded programme which aims to enable and support businesses to reduce emissions from deliveries of goods and services whilst saving them time and money. In its second year (2019-20) the project worked across 13 air pollution 'hotspots' (villages) within seven London boroughs. In 2020-21 the project is expanding into new areas as part of Clean Air Villages 3.

For more information, please visit:

www.crossriverpartnership.org/projects/clean-air-villages-2

As part of Clean Air Villages we work with businesses and Local Authorities to find out how they can be part of the solution to improving air quality.

Which solutions could work for you?

Switching to an electric vehicle

Using a cargo bike to deliver

Consolidating your suppliers

Installing electric vehicle charging points

Featuring on our CRP Clean Air Villages Directory

www.crossriverpartnership.org/directory
