Feasibility Study out now!**

**New 'Vision Zero' guidance for
Local Authorities published**

Clean Air Freight (CAF)

Clean Air Freight Project launched!

CALL Launch

CRP is really pleased to have launched its latest [Defra-funded Clean Air Logistics for London \(CALL\)](#) programme.

[Westminster City Council](#)'s Cabinet Member for City Management and Air Quality Councillor Paul Dimoldenberg was there to kick-off the programme, along with event sponsors Robin Mortimer of the [Port of London Authority](#) and Ruth Duston of [Northbank BID](#).

The CALL programme is all about shifting more freight to enter London via river rather than by road, and to continue to clean up London's air by using zero emission delivery modes

for the final leg of the journey.

CRP Board Co-Chair Keith Bottomley ([City of London Corporation](#)) was able to welcome Lord Deben to the event – Lord Deben was the Secretary of State for the Environment back in 1994 when Cross River Partnership was first formed.

As CRP Board Co-Chair Simon Pitkeathley ([Camden Town Unlimited/Euston Town BID](#)) said - “I’m constantly delighted and surprised when I see a new CRP initiative. As a tiny organisation that started life dreaming about links across the river, we’ve come a long way. That constant drive to innovate and learn is what makes it so special and such a pleasure to be involved with.”

Thank you to all CALL programme sponsors, funders, partners and colleagues for making the launch such a success!

For further information please contact CRP Programme Manager [Fiona Coull](#).

Knot long to go until the CAV4 river freight pilot launches!

Spotlight on: River Freight

CRP is working closely with the [Port of London Authority](#) on a river freight pilot with partners [GPS Marine](#), [Northbank BID](#), [Port of London Authority](#), [Complete](#), [iRecycle](#), [Mayflower](#) and [Antalis](#).

This will showcase how the river has the capabilities for a multi-pick-up journey, bringing supplier goods into central London by boat. Avoiding road congestion and reducing pollution in the process. The last mile of the journey will be completed using a zero-emission cargo bike.

The aims of the clean air initiative, which is being delivered as part of the [Defra-funded Clean Air Villages 4](#) programme, are to showcase how to setup river logistics and to share the learnings to encourage further use of the river. This will lead to improved local air quality, and we look forward to exploring this further through the [Clean Air Logistics in London \(CALL\)](#) project.

For further information, please contact the CRP Project Manager, Kate katefenton@crossriverpartnership.org

For June's [Clean Air Day](#) CRP visited Brixton with our partners at [Pedal Me](#). We met with prospective businesses and offer gave a live demonstration on the cargo bikes that will be fulfilling deliveries.

The businesses we spoke to were amazed at the capacity of the bike (300kg including the trailer) and impressed by the fast, professional service offered by Pedal Me.

We will encourage Brixton businesses to make use of this fantastic, fully-funded scheme for the rest of the summer, taking advantage of free, fast, reliable, low-emission deliveries. To get involved or to find out more, contact CRP Project Officer [Jack Alexander](#).

By booking through the Pedal Me app businesses receive a time slot (so they know when to expect their delivery) and can live chat the Pedal Me team for any updates.

Cargo bikes are a fantastic way of tackling emissions. These deliveries reduce local traffic, idling, and road miles from failed delivery attempts. CRP will report on the impact of this trial in the conclusion of the [CAV4](#) project.

Get in contact today - less than 10 spaces remaining!

Dates for your Diary

Thursday 5th May - Monday 29th August. [Our Time on Earth](#). Barbican.

Tuesday 28th - Wednesday 29th June. 9am - 6pm. [Reset Connect: LCAW](#). ExCel Centre London.

Thursday 30th June. 4pm - 4.45pm. CRP's Connect 4 Series - Session 6. [People and Places: Designing Sustainably and Safely](#).

Thursday 30th June. 5pm - 7.30pm. [Climate adaptation and place-making in the Thames Estuary](#). Cottons Centre.

1st - 31st July. [Plastic Free July](#).

Monday 4th July. 6.30pm - 9.30pm [Transformation Toolkit: Community Action in partnership with Neighbourly](#). Arboretum.

Thursday 16th July. 8am - 9.30am. [Climate Action Community Day](#). Ebury Edge.

Sunday 24th July. [Samaritans Awareness Day](#).

Thursday 28th July. [World Nature Conservation Day 2022](#).

Thursday 28th July. 4pm - 4.45pm. CRP's Connect 4 Series - Session 7.

Friday 29th July - Friday 5th August. [Love Parks Week](#). Keep Britain Tidy.
