# CRP's Monthly Newsletter

## Tuesday 6th December

CRP is a  
Climate  
Emergency  
Champion

### CRP's 12 Days of Christmas

Click on the Christmas tiles below to find out more about CRP's achievements, outcomes and projects with partners over the past year! We look forward to working with you in 2023!

**12**  
monthly events

completed as part of  
CRP's Connect 4 Series

**11**  
project partners

collaborating as part of  
Clean Air Logistics for London

**10**  
chargers installed

as part of the award-winning EFLES programme

**9**  
monitoring sensors

in the South Bank BID area

**8**  
businesses

using the Clean Air Freight zero emissions hub for deliveries to Brixton

**7**  
hybrid workers

in the brilliant CRP team!

#### CRP's Connect 4 Series: Session 12

Clean Air Freight: Lessons Learnt

Thursday 8th December  
4pm - 4:45pm

supported by  
Impact  
on Urban  
Health

steer

CROSS RIVER  
PARTNERSHIP  
Delivering London's Future Together

Join CRP for the twelfth and final session of the Connect 4 Series, '[Clean Air Freight Lessons Learnt](#)'.

[Sign up here.](#)

CRP will be joined by [Impact on Urban Health](#) and [Steer](#) to present findings from the [Clean Air Freight \(CAF\)](#) project. CAF is an [Impact on Urban Health](#)-funded project helping the freight sector to deliver clean air as part of the [Guy's and St Thomas' Foundation](#). The project is working to minimise the harmful emissions from freight within the London Boroughs of [Lambeth](#) and [Southwark](#). The project aims to prepare for more freight deliveries into London, including investigating the potential of passenger trains, and also trial zero emission last mile logistics from a centre in South London.

We hope to see you there!

On 15 November, [Westminster City Council](#) and the [Westminster Property Association](#) officially launched the [Sustainable City Charter](#). Small and medium business participants in the Sustainable City Charter can apply to get a year's free license for Climate Essentials, a digital platform that enables businesses to track their carbon emissions. They will also get one on one support from the Climate Essentials team to create a carbon reduction plan, helping them reducing emissions and energy costs and meet their Charter commitments. **Find out more and apply [here](#).**

---

Wednesday 7th December, 6pm - 8:30pm. [A Smaller Footprint in the Cloud: Sustainability Through Architecture \(AGM\)](#), BCS, The Chartered Institute for IT.
