

CRP Board Meeting

September 2023

CRP's Mission is to collaboratively deliver solutions that make London fairer, greener and safer.

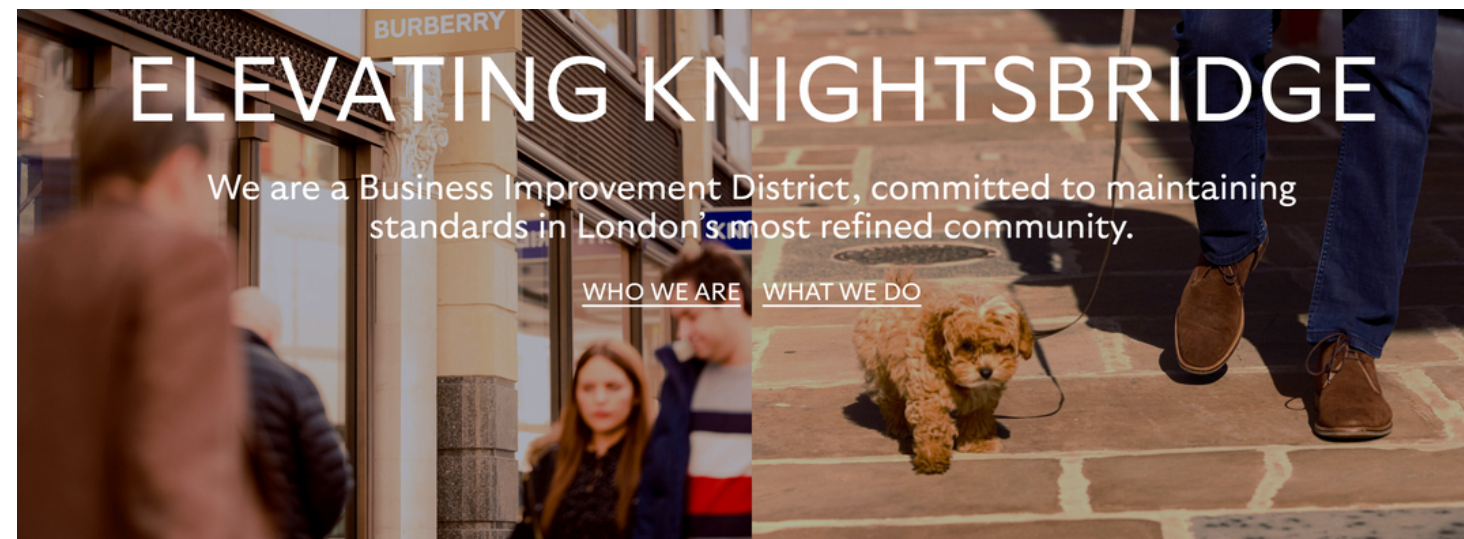

Agenda

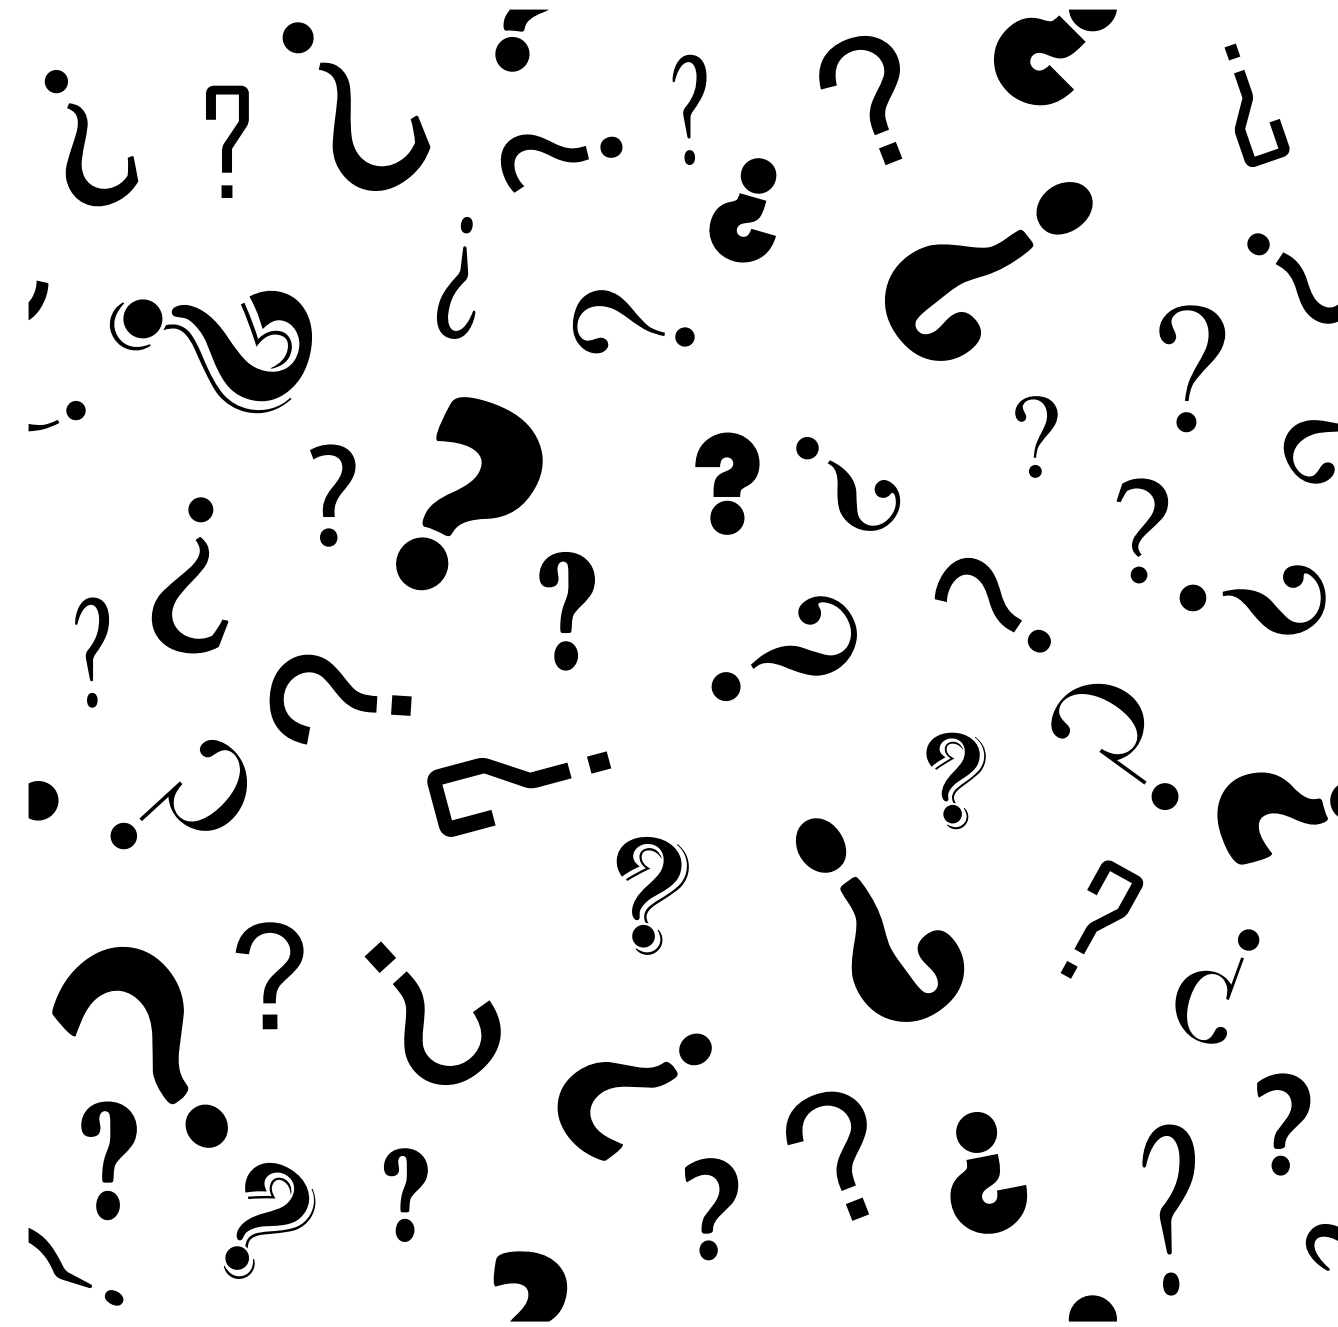

1. Introductions/Apologies
2. Declarations of Interest
3. Minutes
4. CRP Partner Updates
5. CRP Delivery Update
6. CRP Fundraising
7. CRP Board Public Sector Co-Chair
8. AOB/Next Meeting

1. Welcome and Introductions

KNIGHTSBRIDGE PARTNERSHIP

2. Declarations of Interest

3. Minutes

Actions and Decisions from previous Board Meeting (March 2023)

- Action: Partners may contact Dan and/or Susannah with questions. A site visit at Waterloo Station will be arranged.
- Action: Partners should contact CRP if they would also like Mapping or Data Analysis services.
- Action: Partners to contact Rachael Aldridge for more details on upcoming CRP events.
- Decision: CRP Board approves the CRP team pursuing freight-related opportunities at Waterloo Station, in partnership with GBRTT and other key players.
- Decision: CRP Board approves Annual Report and Business Plan content.

4. CRP Partner Updates

5. CRP Delivery Update

About CRP

Cross River Partnership (CRP) is a public-private partnership delivering environmental, economic and community-focused projects. We support public, private and voluntary organisations to address creatively challenges around Air Quality, Transport, Placemaking and Wellbeing.

CRP's Vision

The CRP team refreshed the CRP Vision at their Away Day in January 2023:

"To make London a better place to live, work and visit."

This captures the ambition of what we want to deliver with our partners this coming year and beyond.

London Light Freight River Trial Press Launch with CRP and Partners

CRP Team

CRP Outputs, Q1 - Q2 2023

Transitioning CALL to SGL
EC BID services

- Social media campaign
- Walking Route Map

Monitoring

Rail Freight study

Brixton Logistics trial

SGL kick off

CRP Outputs, Q1 - Q2 2023

Clean Air Logistics for London - Outputs

- Pier Adaptions & Facilities
 - Supported PLA to procure an additional pontoon to create London's first dedicated freight pier
 - Completed the 'E-cargo Bike Pier Design Guidance'
 - Completed the installation of a sustainable deliveries hub near Chelsea Harbour Pier
 - Installed 20 parcel lockers across Lewisham
 - Installed parcel locker at the Greenland Surrey Quays Dock Offices

CRP Outputs, Q1 - Q2 2023

Clean Air Logistics for London - Outputs

- Vessels
 - Completed retrofit of Alb-E, converting from diesel powered engine to electric motor
 - Baselined emissions savings by Alb-E switching from diesel to electric power
 - Completed time-lapse video capturing retrofit
 - Completed deep-dive report sharing lessons learned
- EV Charging & Infrastructure
 - Supported Lambeth to install chargepoints in Streatham and Norwood
 - Engaged Norwood businesses to encourage behaviour change and use of shared EVs
 - Published snapshot with overview of charge points and shared EV scheme
 - Supported installation of first 10 chargepoints of 40 chargepoints in ZEVHub charging facility in Southwark.

CRP Outputs, Q1 - Q2 2023

Clean Air Logistics for London - Outputs

- River Trials & Onward Journeys
 - Delivered the London Light Freight River Trial
 - Stakeholder event in March 2023
 - Articles published in various media outlets
 - Published Deep Dive report with impacts of project and lessons learned
 - Worked with LB Southwark to trial 2 virtual loading bays using Kerb
 - Reinstated original CAV4 / CALL river freight trial on a monthly basis

CRP Outputs, Q1 - Q2 2023

Clean Air Logistics for London - Outputs

- Micro Hub Development & Transport Analysis
 - Commenced “The London Light Freight Walking Trial” in May, using e-walkers to support last-mile deliveries in Fitzrovia
 - Held launch in June including demo of e-walker
 - Published snapshot describing trial
 - Delivered 2 e-bikes to LB Islington as part of OurBike schemes in borough
 - Launched 6-month micrologistics trial hub in Pimlico
 - Launched similar hub in Southside Shopping Centre
 - Ran urban logistics hub workshop for CALL partners

CRP Outputs, Q1 - Q2 2023

Clean Air Logistics for London - Outputs

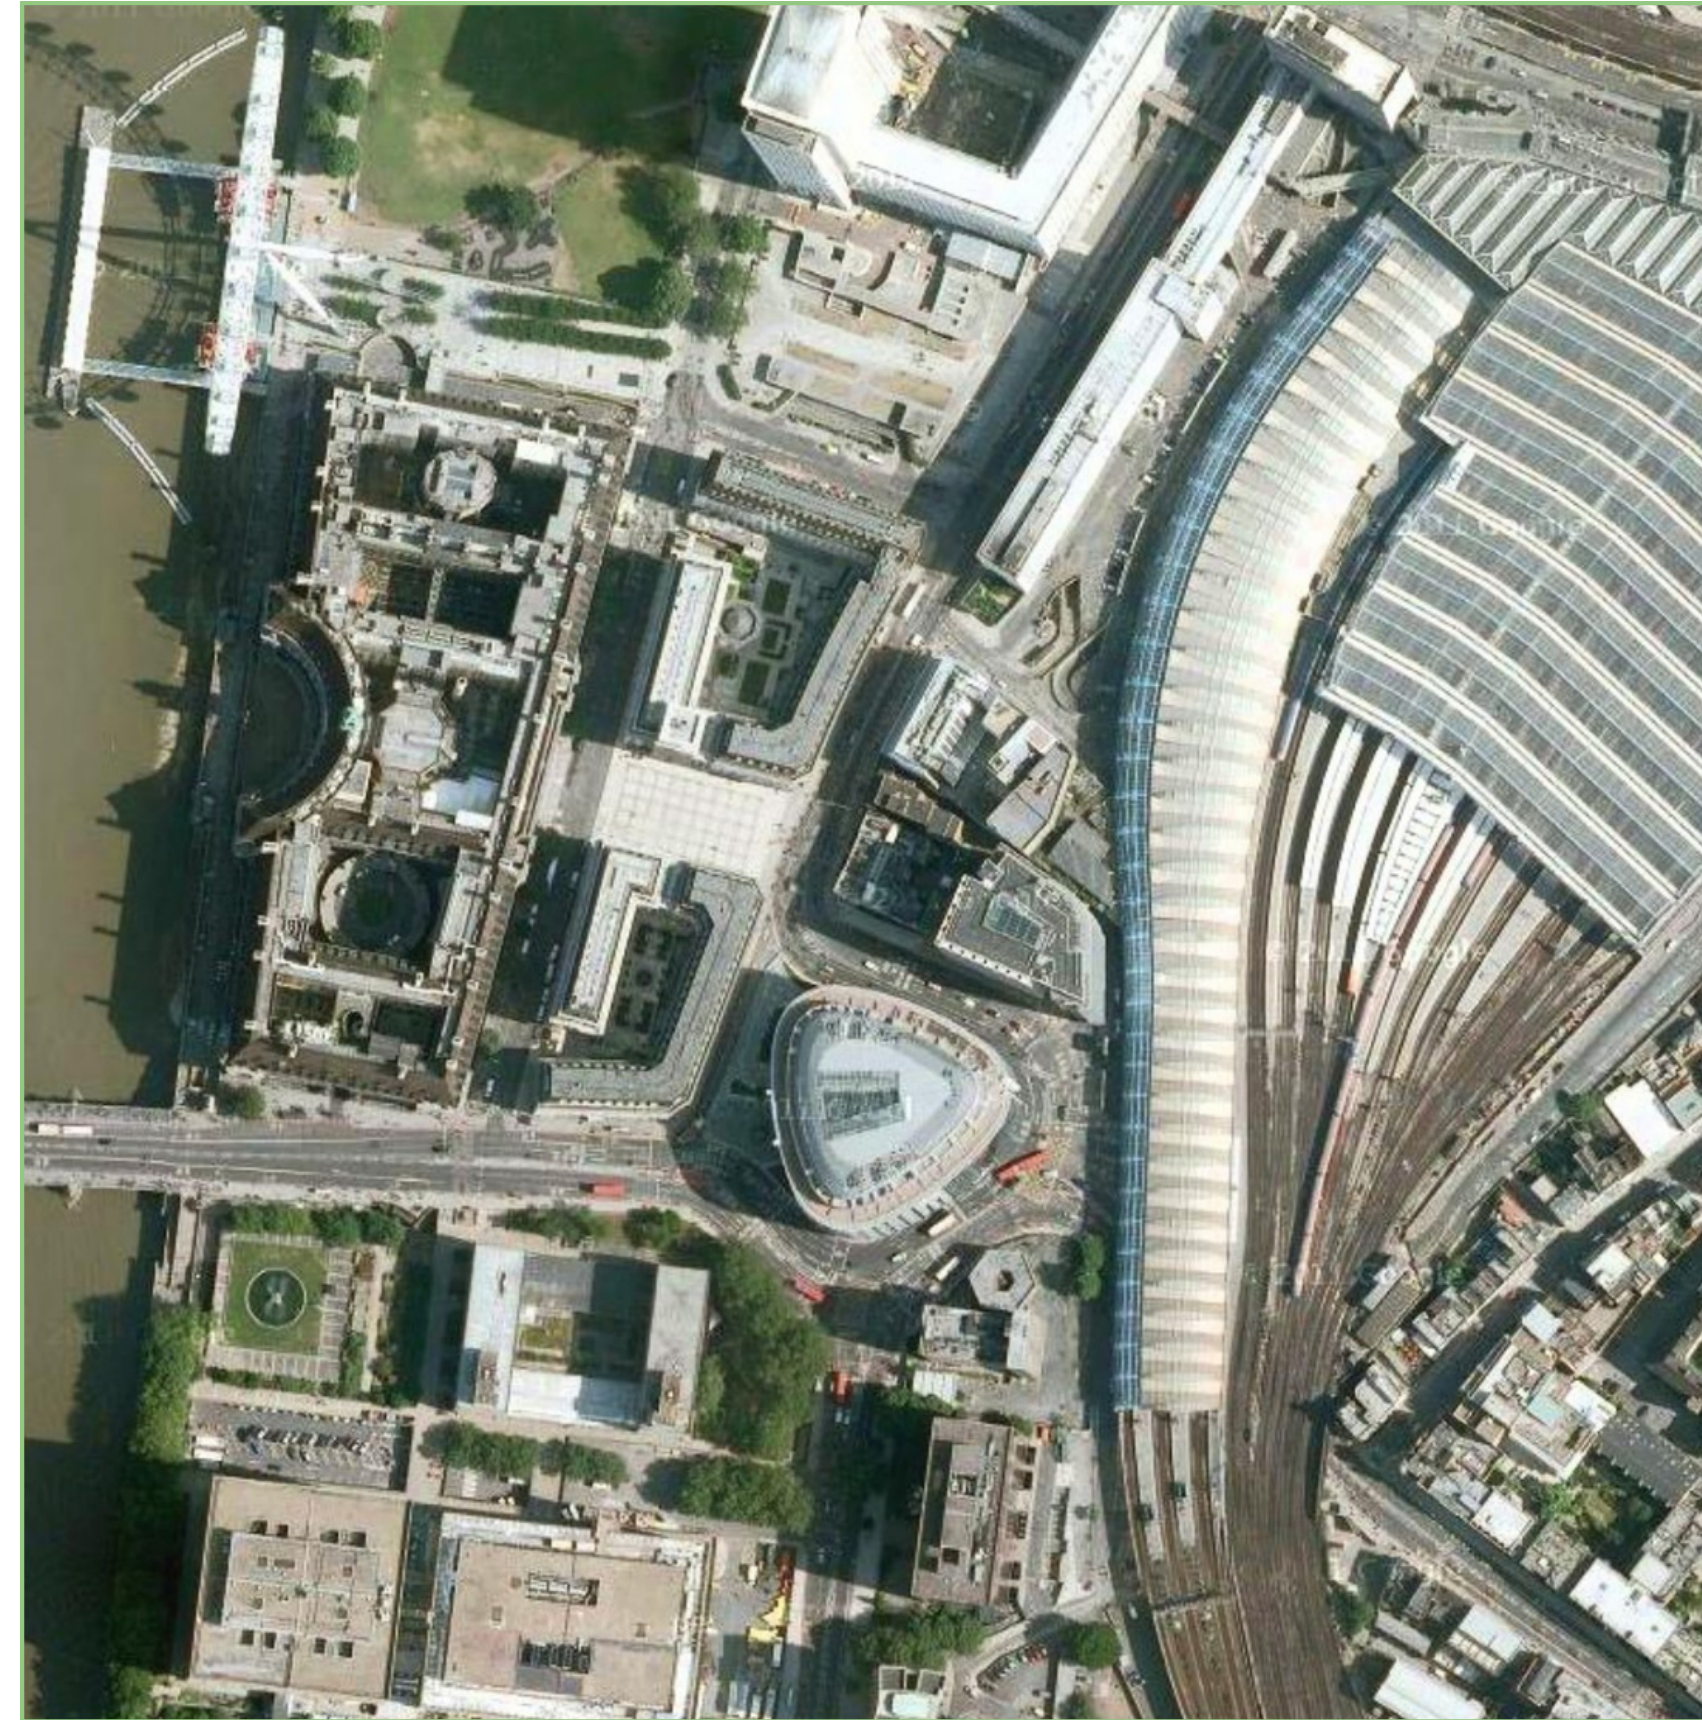

- Communications & Media
 - CRP Conversations
 - Research and guidance
 - 'CRP's Thames Directory', an interactive web tool to promote the use of the Thames for freight
 - Research linking benefits of Clean Air Route Finder to active travel deliveries
 - Summer stakeholder event in June marking completion of CALL and start of Smarter Greener Logistics

CRP Outputs, Q1 - Q2 2023

Waterloo Freight Hub

- Completed commissioned work exploring Waterloo Station as a freight hub including:
 - A tool to model the economic, environmental and social impacts of a logistics hub at the Station
 - A research report on the impacts of using the Station's underutilised undercrofts
 - An express rail freight market analysis to understand the potential of the express rail freight market by 2050, especially in London.
 - A train path capacity plan report to identify the times available on the current rail network when a rail freight service could be delivered.
 - Discussed in detail at next CRP Conversations on 11 October

CRP Outputs, Q1 - Q2 2023

Smarter Greener Logistics

- Progress to date
 - Nine workstreams decided
 1. Waterloo Freight Hub
 2. Urban Logistics Hubs
 3. Kerbside management
 4. Click & collect
 5. Shared electric vehicle schemes
 6. Cargo bike delivery schemes
 7. Logistics sector support
 8. Air quality & noise monitoring
 9. Project-wide interventions
 - Partner Project Forms and follow up meetings completed
 - First SGL taskforce meeting held in August

CRP Outputs, Q1 - Q2 2023

EC Business Improvement District Collaboration: Social Media

- Collaborated with EC BID on strategic communications
- Delivered a successful social media campaign of 72 posts across 3 months and 2 social media platforms (LinkedIn and Twitter)
- 3 themes: Green Spaces, Iconic Buildings and Places, Hospitality & Retail
- Promoted the EC BID area throughout the summer holidays, including exciting new restaurants, new walking maps and famous landmarks

CRP Outputs, Q1 - Q2 2023

Clean Air Freight

- CRP has completed its Clean Air Freight programme, which included the Brixton Logistics Trial and Rail Freight Feasibility Study, On Track for Sustainable Logistics
- The Brixton Logistics Trial showed significant air quality improvements from a consolidation centre focussed on a local area, with independent transport consultants estimating savings of:
 - 109 kg of CO2
 - 75 g of NOx
 - 27 g of PM10
- CRP will be developing the potential for a Waterloo Freight Hub in the Smarter Greener Logistics programme, after it's potential was identified in the On Track for Sustainable Logistics report

SGL Kick Off Event: Somerset House

CRP Outputs, Q3 - Q4 23/24 : Overview

Projects that the CRP Team will be delivering during Q3/4 include:

- Smarter Greener Logistics
- Harley Street BID Data Analysis and Monitoring Services
- Southbank BID Data Analysis and Monitoring Services
- Just Streets Programme

30 Years of CRP!

- Updated website and celebration event in 2024

2024

CRP Spend Update

Current CRP spend and delivery on track

Also have confirmed funding and delivery of several projects in 24/25

CRP continues to search for and develop new funding opportunities, including through the expansion of our consultancy services.

Projects	2023 / 2024			2024 / 2025

CRP Outputs, Q3 - Q4 23/24 : Smarter Greener Logistics

By this point CRP's Smarter Greener Logistics Programme will be in full swing with the following initiatives / trials underway

- Pimlico, Westminster Hub 3 month extension
 - WCC is the main delivery partner, however the 10-mile delivery radius captures 18 London boroughs including Wandsworth, Lambeth, Southwark, City of London, Hammersmith & Fulham and more
- Southside, Wandsworth Shopping Centre Hub fully operational
 - Wandsworth is the main delivery partner, but again we expect wider areas to be impacted positively
- Waterloo, road fed freight hub trial underway
 - Our main partners in this trial will include Lambeth and Southwark, however we expect a wider area of London to be serviced by the hub

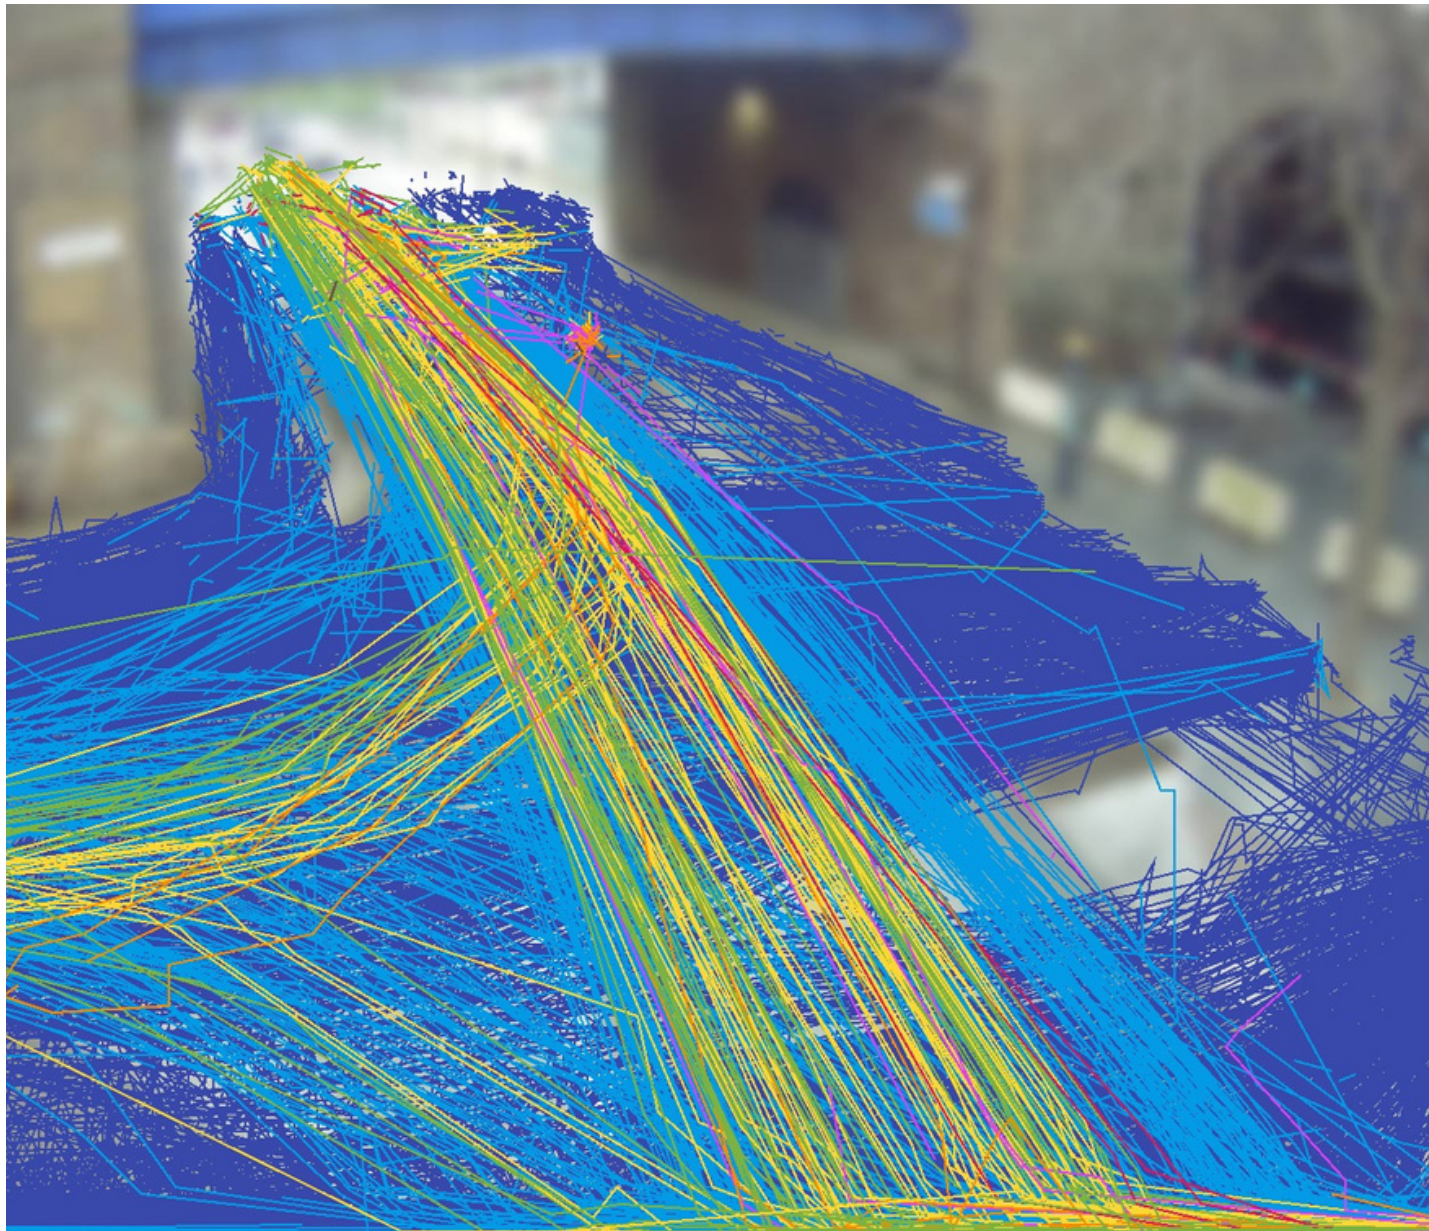

CRP Outputs, Q3 - Q4 23/24 : Smarter Greener Logistics

- Lambeth Freight Hub trial operational
 - This will be delivered with Lambeth but again we expect wider impacts across CRP partner areas
- Kerbside Management Virtual Loading Bay Trial finalised and underway
 - This will likely include locations in Southwark, Westminster, Camden, Hammersmith & Fulham, Ealing and Lewisham, however the trial is open to all SGL partners
- IKEA river freight trial in progress
 - This will impact several partner areas through the removal of vehicles from Dartford to Central London
- Minimum 2 Our Bike Schemes Implemented
 - These will be implemented in Islington and Wandsworth and / or Richmond
- Parcel locker expansion ongoing
 - Working with Camden, Lewisham and Southwark
- Walking Freight Trial impacts realised in Camden

We will also be creating resources and communication materials to share any learnings associated with the trials. There will also be frequent updates on impacts / outcomes associated with the above schemes and other SGL Programme developments.

CRP Outputs, Q3 - Q4 23/24 : Harley Street BID Data Analysis & Monitoring Services

The Harley Street BID is a newly established Business Improvement District. Consequently, understanding traffic counts, near miss data and emissions in the area will be important to encourage behaviour change and to inform public realm improvements. CRP will be providing Monitoring and Data Analysis services to support this including:

- VivaCity Monitoring Sensors
- Traffic Count Analysis
- Active Travel Count Analysis
- Near Miss Reporting
- Air Quality Modelling
- Space and Behaviour Analysis
- Speed Analysis
- Directionality Mapping

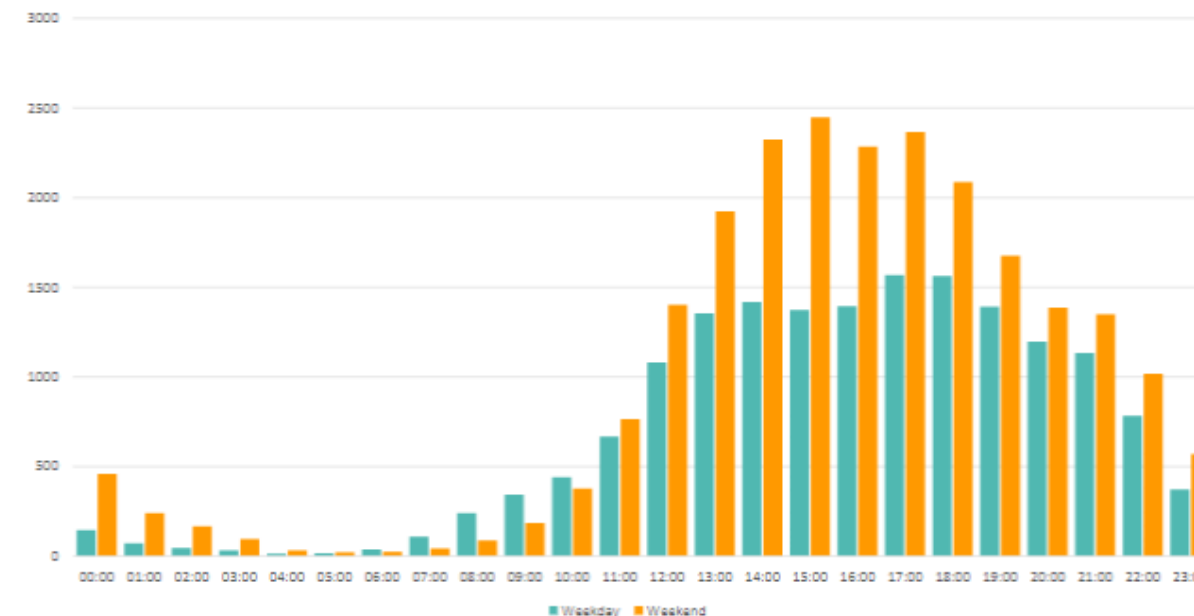

CRP Outputs, Q3 - Q4 23/24 : South Bank BID Data

Analysis & Monitoring Services

CRP will be continuing to provide data analysis and monitoring services for the South Bank BID throughout this period. This includes providing:

- VivaCity Monitoring Sensors
- Traffic Count Analysis
- Active Travel Count Analysis
- Air Quality Modelling

CRP has been providing data analysis and monitoring services for South Bank BID for the past 3 years.

CRP Planned Work, Q3 - Q4 2023/24

Just Streets

- A 4-year Horizon 2020 programme to encourage Streets as a space for all, rather than a thoroughfare for vehicles
 - Physical interventions to enable more use of outdoor space, improving experience for all, particularly women, LGBTQ+, elderly, physically/mentally disabled
 - Seating, lighting, etc.
 - Working with other groups on mobility projects
 - Data collection of roads accident
 - Changing the narrative - from vulnerable to valuable, closed streets to open spaces
- 17-country consortium including three UK partners (WCC-CRP, University of Westminster, LB Southwark)
- CRP to deliver
 - 3 new street installations
 - 50% reduced road accidents over Just Streets lifetime
 - 5 social media campaigns promoting inclusive/active mobility

CRP Conversations

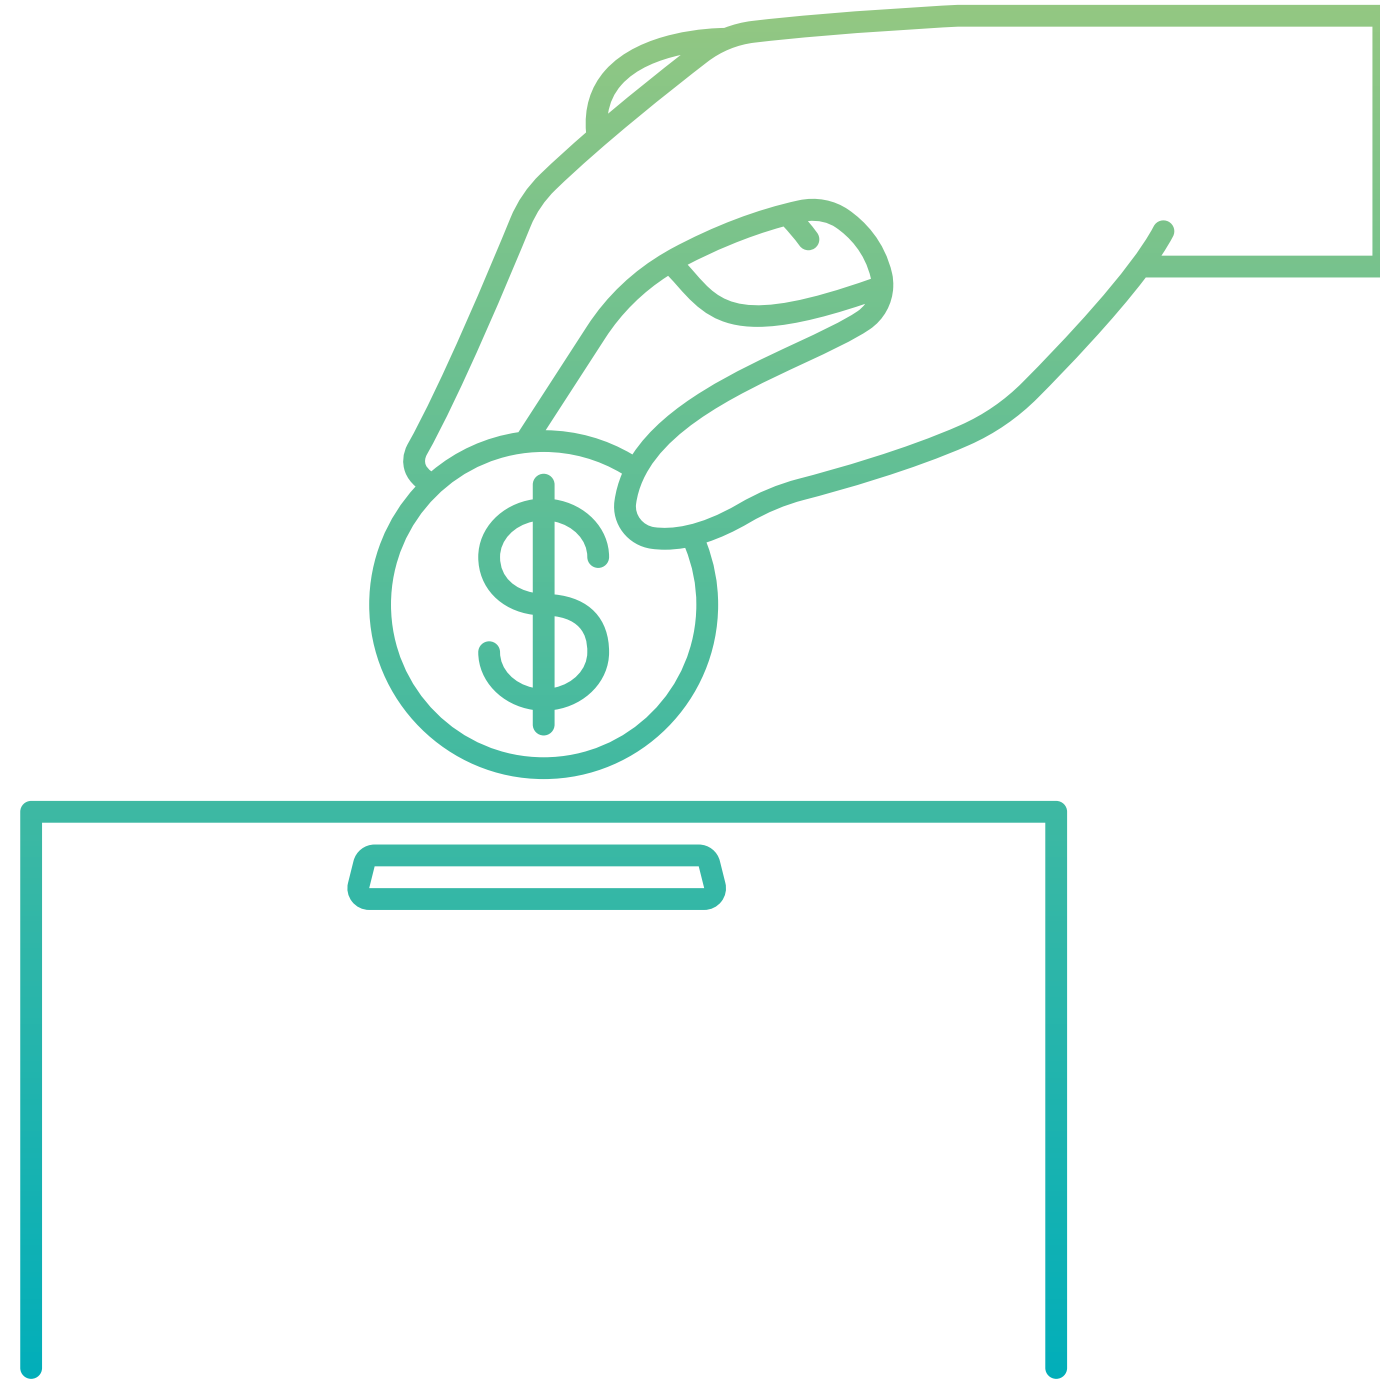

Wednesday 11th October 2023, 4pm - 5pm
Improving Air Quality by Enhancing River & Road
Hybrid Event (Lord Mayor's Parlours, Westminster City Hall
Guest speakers: ecofleet, Great British Railways Transitions Team,
Intermodality, Steer

Wednesday 29th November 2023, 4pm - 5pm
Transport & Equity
Hybrid Event (Lord Mayor's Parlour, Westminster City Hall
Guest speakers: Centre for London, University of Westminster

Sign up via the Teams chat!

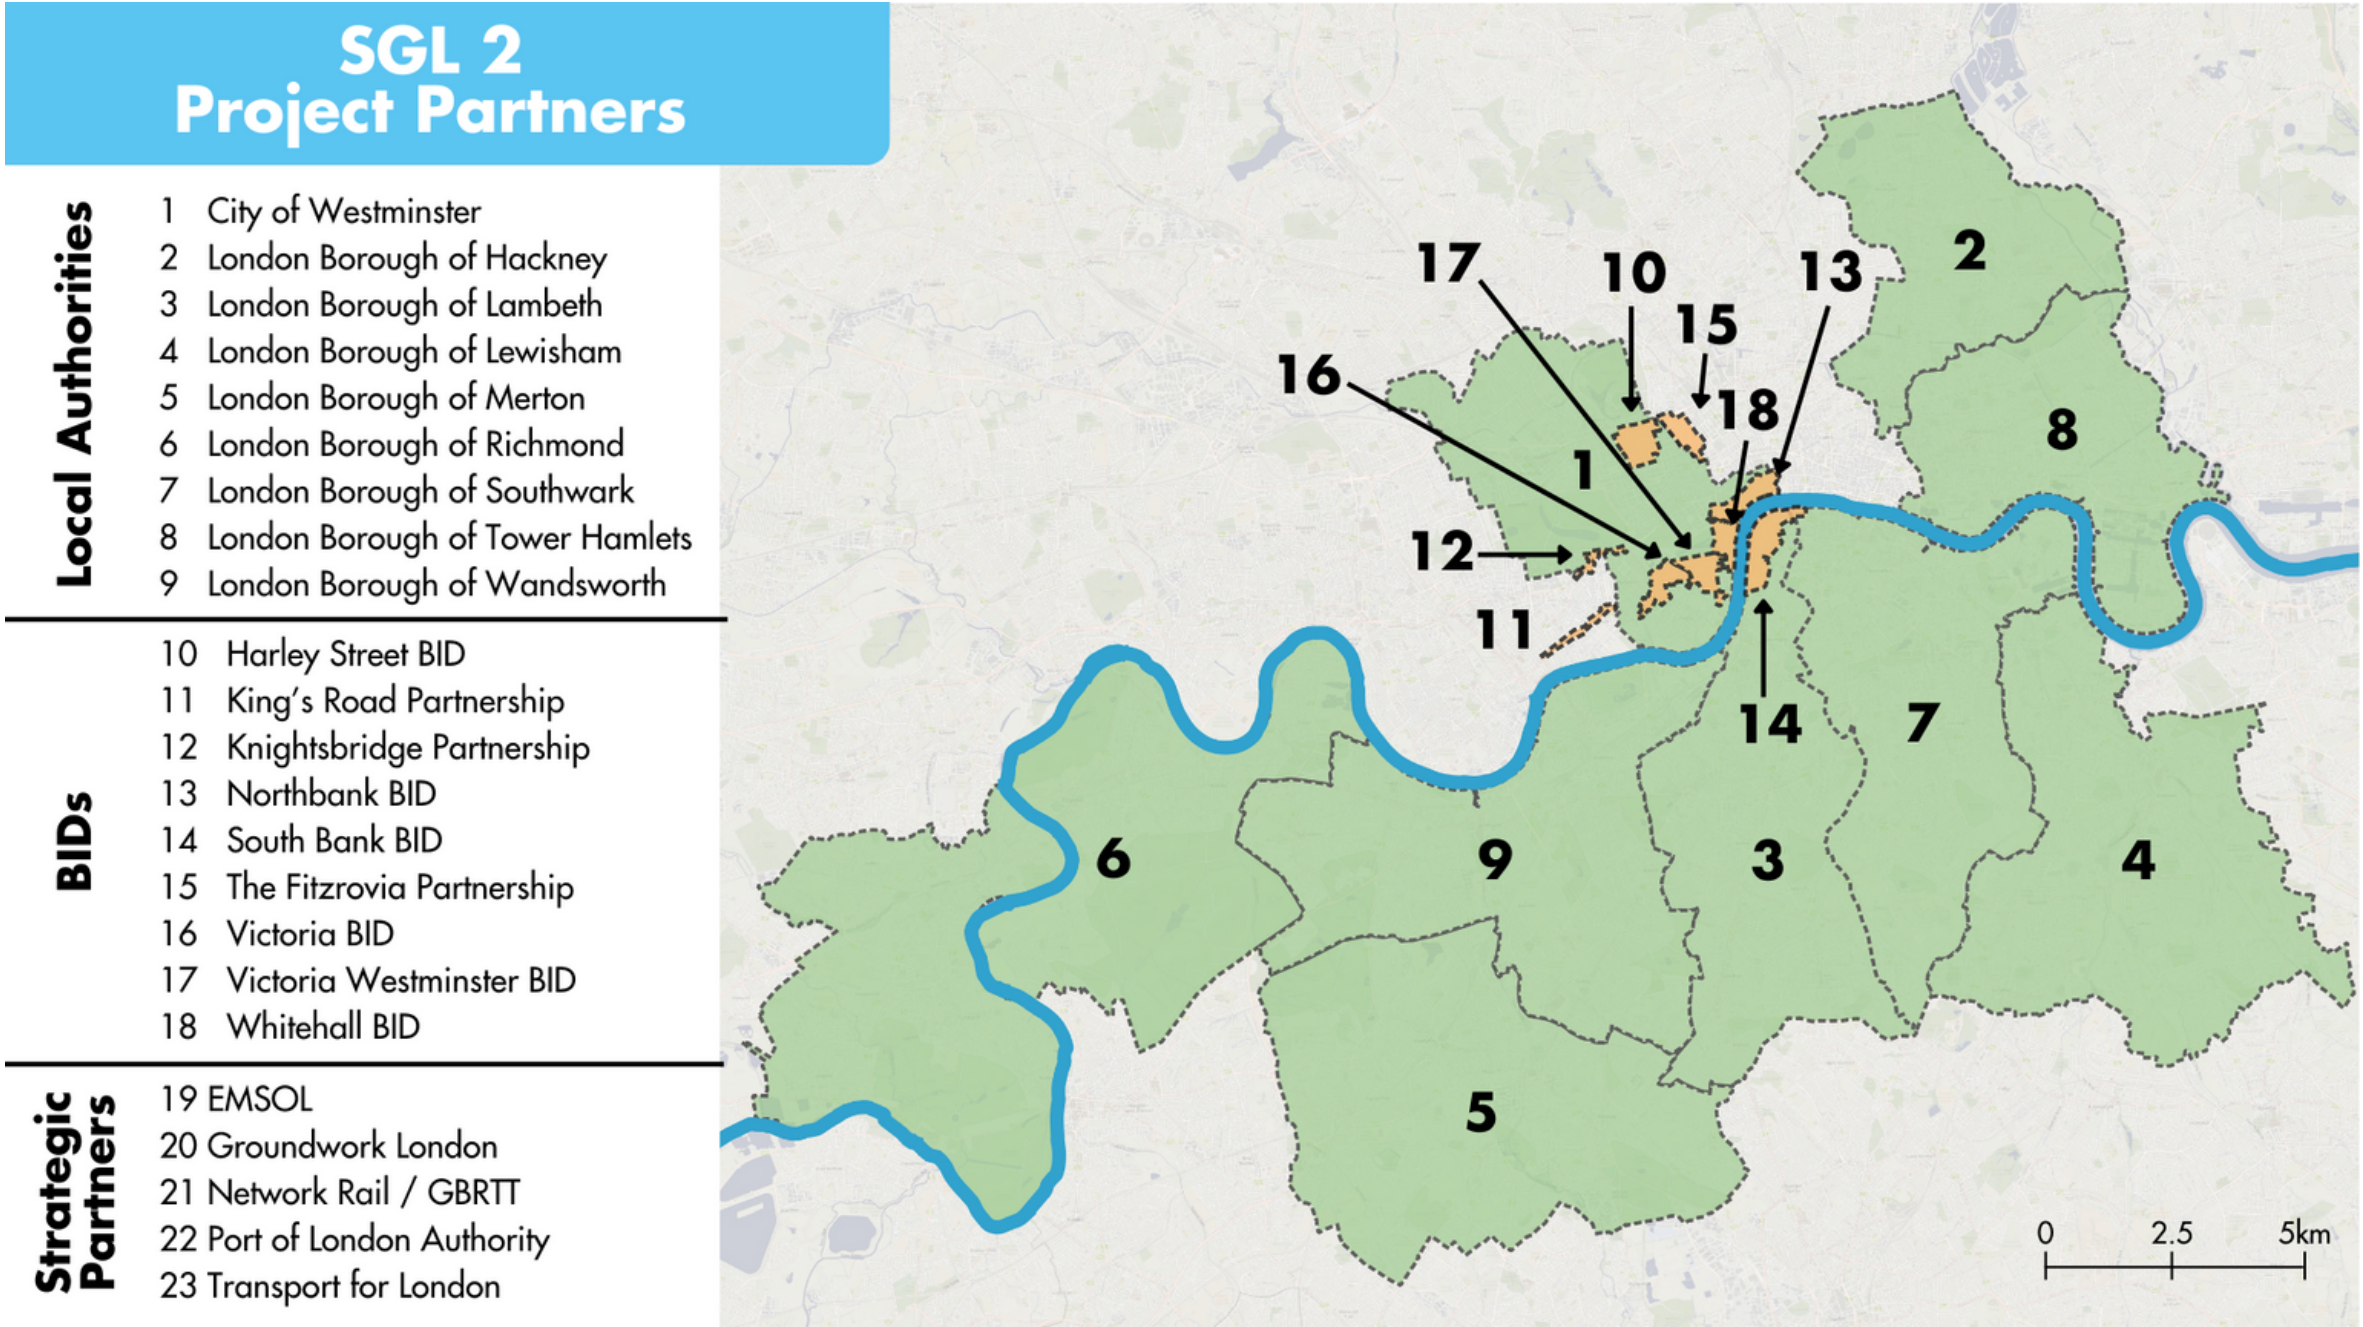

6. CRP Fundraising

Smarter Greener Logistics 2 Collaborative Defra Bid

Deadline: CRP will upload the bid within the next two days

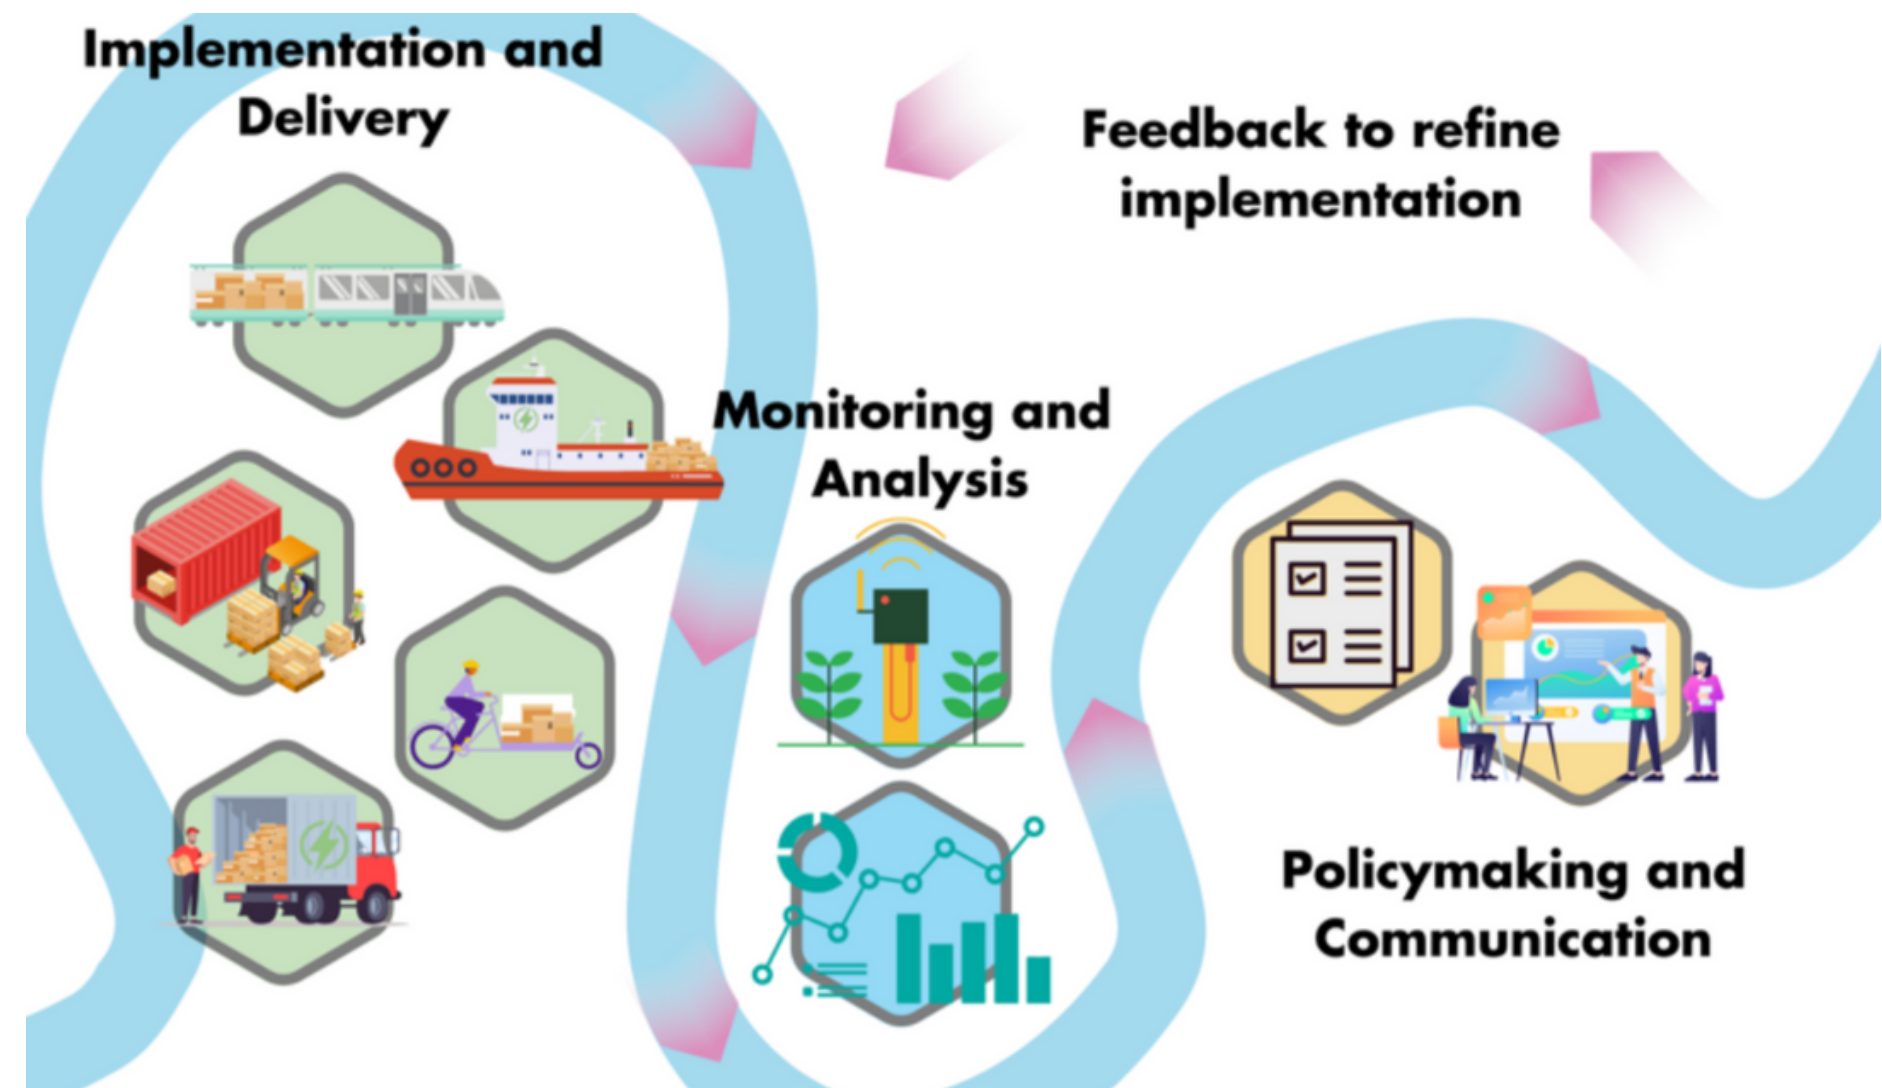

For Decision: Does the CRP Board approve the CRP team submitting the bid to Defra for a further £1 million?

Smarter Greener Logistics 2 Collaborative Defra Bid

SGL2 is a mainly revenue spending project that will implement a range of Logistics Workstreams to clean up London's air, to involve:

- Smarter Freight Hub Inter-Changes.
- Greener Road Freight.
- Greener Rail Freight.
- Greener Water Freight.
- Policy-influencing to support Sustainable Logistics.
- Sustainable Logistics supporting the re-design of High Streets.
- Communications to raise awareness.
- Monitoring to capture benefits.

7. CRP Board Public Sector Co-Chair

CRP's projects are focused on improving the lives of those living, working and visiting London.

Delivering London's Future Together:

All of CRP's projects are only possible because of the support of our partners, from the public, private, voluntary and community sectors.

CRP's partner body continues to grow and are all represented on CRP's Board, which is co-chaired by Mary Durcan from the City of London Corporation, and Simon Pitkeathley, Chief Executive, Camden Town Unlimited and Euston Town Business Improvement Districts (BIDs).

Mary Durcan

Simon Pitkeathley

8. AOB/Next Meeting

April 2024
October 2024

Thank you for your continued support of Cross River Partnership
