CRP Welcomes New Director Tanja Dalle-Muenchmeyer

We are delighted to announce the appointment of **Tanja Dalle-Muenchmeyer** as the new Director of CRP.

Tanja joins CRP in September, bringing extensive experience in sustainability, partnership working and programme delivery. We are especially pleased to welcome her back to CRP, having previously been part of the team between 2015 and 2019.

Since leaving CRP, Tanja has led sustainability initiatives at Guy's and St Thomas' and King's College Hospital NHS Foundation Trusts, developing an impressive track record of delivering projects that create positive environmental and social impact. She brings a strong combination of strategic leadership, fundraising expertise and hands-on delivery experience, alongside extensive knowledge of securing and managing complex funding programmes, including European-funded projects.

Commenting on her appointment, Tanja said:

"I am delighted to be re-joining Cross River Partnership as its new Director. My time in the NHS since leaving CRP has reinforced my belief that the most complex challenges facing London overall and our partners individually, from extreme heat and air quality to transport, health and economic resilience, can only be addressed

through strong partnerships. I am excited to build on CRP's strong legacy, working with our partners to secure new opportunities and deliver meaningful change."

Please join us in giving Tanja a warm welcome back to the CRP team! We look forward to introducing her to our partners and stakeholders in the coming months.

CRP August Round Up

Tulane Students Discover London's Healthy Streets with CRP

CRP was pleased to welcome students from the [Tulane University School of Architecture and Built Environment](#) last week for a walking tour exploring innovative placemaking projects across London.

Led by CRP Project Manager [Katherine Fairfax](#) and Senior Development Manager [Ross Phillips](#), the visit showcased schemes on St John's Street and Red Lion Street, both delivered through the [Mayor of London-funded Healthy Streets Everyday II \(HSE II\)](#) programme.

CRP has a strong track record of working with academic partners to translate research into practical solutions across active travel, decarbonisation, climate mitigation and public health.

Help Shape the Future of Deliveries in Westminster

Calling all Westminster Businesses!

CRP is developing a report for [Westminster City Council](#) on how [Micro Logistics Hubs](#) could support more efficient, reliable and low-emission deliveries across the borough.

We want to hear directly from businesses about your delivery and servicing experiences, challenges and priorities. Your feedback will help ensure that future recommendations are practical, locally relevant and designed around the needs of Westminster businesses.

Your input in our survey will play a valuable role in informing a key report that could influence how goods are moved across Westminster in the years ahead.

New Partnership with University of Westminster to Evidence Research Impact

CRP is partnering with the [University of Westminster](#) to develop the evidence base for a potential [Research Excellence Framework 2029](#) impact case study demonstrating the real-world impact of the University's research on inclusive and equitable streets.

Working with the University's School of Architecture and Cities, CRP will draw on its experience of delivering collaborative, evidence-led projects across London, including [JUST STREETS](#). CRP will work with project partners and stakeholders to document how the University's research has informed street interventions and contributed to changes in policy, professional practice and local delivery.

Mayor's Air Quality Fund Returns for 2026

CRP are pleased to see that the [Mayor's Air Quality Fund](#) (MAQF) will re-open for Round 5 of the fund in late Summer / early Autumn this year, with a further £6 million of funding announced to clean up the capital's toxic air. CRP are delighted to have been awarded multiple grants from the first 4 rounds of the Mayor's Air Quality Fund, delivering projects such as [Healthy Streets Everyday I and II](#) (HSE I and II) and Clean Air Thames, helping communities benefit from cleaner air, healthier streets, and more sustainable travel options.

If you'd like to find out more please contact CRP's Senior Development Manager [Ross Phillips](#).

The Green Scene

**Celebrating Green Flag Award Success
Across Our Network**

We are thrilled to celebrate our local authority and Business Improvement District (BID) partners who have been recognised in the Green Flag Awards. The Green Flag Award is the international benchmark for well-managed, high-quality parks and green spaces.

Congratulations to our local authority partners celebrating major wins this year: City of London, Westminster City Council, London Borough of Camden, London Borough of Lambeth and London Borough of Southwark. We also celebrate our BID partners, including Better Bankside, Team London Bridge and We Are Waterloo, whose continued investment in greening and public realm improvements helps make central London a greener, healthier place.

High-quality green infrastructure is essential to London's climate resilience and wellbeing. Huge congratulations to all the teams, ground crews, and volunteers whose hard work keeps our green spaces thriving!

Harley Street BID Celebrates Award as Parklet Plans Progress

CRP partner Harley Street Business Improvement District (BID) has been recognised as a co-winner of the University of Westminster's Local Community Partner Award 2026, celebrating its work connecting students, businesses and local communities. The partnership has created mentoring, volunteering and networking opportunities for students and continues to drive positive local impact, including through the Horizon Europe-funded JUST STREETS project, where Harley Street BID is working with partners to create more equitable, inclusive and sustainable streets.

Harley Street BID has recently submitted revised parklet plans to Westminster City Council. The BID is inviting people to learn more and share their views at a drop-in session on **Thursday 20th August 2-5 pm, in the Pembroke Suite at the Holiday Inn London Regents Park by IHG, Carburton Street, London, W1W 5EE**.

For more information, please email Just Streets' Project Manager, Sefinat Otaru, or Harley Street BID at contact@harleystreetbid.com.

**Shaping London's Future:
Have Your Say on the Draft London Plan**

The [Mayor of London](#) has published the new [Draft London Plan](#), setting out a vision for how the capital could develop over the next 20 to 25 years. The Plan provides the framework for future development across the city, covering housing, transport, economic growth, infrastructure and the environment.

For CRP and its partners, the focus on creating a greener, more resilient and healthier city is particularly relevant. The draft Plan includes policies to improve energy efficiency, enhance green infrastructure, increase access to green spaces, improve air quality, protect London's waterways and more.

Have your say: The draft London Plan consultation is open until 15th October 2026, giving you the opportunity to help shape London's future. Find out more and respond to the consultation here: [London Plan](#) | [GLA Engagement Portal](#)
